

# Lost phones, or other issues with Multi-Factor Authentication (MFA)

Last Modified on 02/27/2020 2:19 pm PST

If you have Multi-Factor Authentication (MFA) enabled for your Qualpay user, and you no longer have access to enter the MFA security code because your phone or YubiKey is lost, stolen, or destroyed, you will need to [contact Qualpay](#) to have MFA removed from your user's login.
