## Create A Plan

Last Modified on 04/20/2023 4:03 pm PDT

## Go to **Plans** and then select *Create Plan*.

By default, all plans will be in United States Dollars (USD). Suppose your account is configured to transact in other currencies. In that case, you can use the Profile ID selector to choose a billing currency for your plan. Each plan is limited to one currency, so you will need to create additional plans if you wish to bill customers in multiple currencies.

To create a plan, complete the information indicated in the Create a Plan Fields table below and select Create.

## **Plan Fields**

| Option           | Syntax           | <b>Required/Optional</b>                  | Comments   |
|------------------|------------------|---|--|
| Profile id       | N/A              | Required if more than one profile exists. | If you have more than one Qualpay<br>profile, you'll need to select a profile for<br>the plan. You will not see a profile<br>selection option if you only have one<br>profile.   |
| Plan Code        | 16 Alphanumeric  | Required                                  | You can use this plan code for your<br>product code or SKU number for<br>reconciliation purposes.  |
| Plan Name        | 64 Alphanumeric  | Required                                  | Create a plan name that you can use for<br>your records. The transaction date and<br>the plan name will populate the<br>Purchase ID on the subscription<br>transaction.  |
| Plan Description | 200 Alphanumeric | Optional                                  | Use this field to describe the plan for<br>your internal records. The content of<br>this field is not shared with your<br>customer.  |
| Plan Amount      | 10 Numeric       | Required                                  | The amount you would like to charge<br>your customer.  |
| Plan Frequency   | N/A              | Required                                  | Indicator for how often you want to bill<br>your customer. Choose from <i>Daily</i> ,<br><i>Weekly, Bi-Weekly, Monthly, Quarterly,</i><br><i>Bi-Annually</i> , or <i>Annually</i> . You can select<br>the number of weeks or months<br>between cycles for weekly and monthly<br>plans. If you would like to bill your<br>customer on the same day each cycle,<br>use the <b>A Specific Day</b> selector. If you<br>would like to bill your customer on their<br>subscription creation "anniversary date,"<br>use the <b>Subscription Start Date</b><br>selector. |

| Option           | Syntax     | <b>Required/Optional</b> | Comments  |
|------------------|------------|--------------------------|---|
| Plan Duration    | N/A        | Required                 | If you are selling on an installment plan,<br>set a fixed duration. If you are selling an<br>ongoing subscription, select bill until<br>canceled. Your customer will be billed<br>until you cancel the subscription.  |
| One Time Fee     | 10 Numeric | Optional                 | Enter the amount if you charge a setup<br>or one-time fee when the subscription is<br>created. Your customer will be billed<br>this amount when the subscription is<br>created.   |
| % Surcharge      | 1 Numeric  | Optional                 | Only available if the account is approved<br>for surcharging. If you are approved for<br>surcharging, enter the % to be added to<br>the transaction total. The surcharge<br>percentage cannot be over 3%. See<br>surcharge <u>rules</u> and <u>how to register for</u><br><u>surcharging</u> .  |
| Begin Billing On | N/A        | Required                 | Options for when would you like to start<br>the subscription billing. The options<br>available are Subscription Start Date<br>and A Specific Day. If A Specific Day is<br>selected, additional fields will appear. A<br>required drop-down field to select the<br>date of the month you would like to<br>start the subscription and the optional<br>field to select if you would like to<br>prorate the first charge of the<br>subscription. The prorated amount for<br>the subscription can be calculated or<br>can be a fixed amount. |

## **Trial Fields**

| Option       | Syntax     | <b>Required/Optional</b> | Comments  |
|--------------|------------|--------------------------|---|
| Trial        | N/A        | Optional                 | Check this box to delay the first billing<br>date in the subscription billing cycle. If<br>you wish to offer a free trial and<br>introductory periods, you'll need to<br>adhere to <u>Visa</u> and <u>MasterCard</u> rules. |
| Trial Amount | 10 Numeric | Optional                 | Suppose you charge an amount<br>different from the regular billing<br>amount during the trial period. In that<br>case, you can add that amount here.  |

| Option                                  | Syntax    | <b>Required/Optional</b> | Comments   |
|---|-----------|--------------------------|--|
| Trial Duration (# of<br>billing cycles) | 4 Numeric | Optional                 | Field to indicate the length of your trial<br>period. The trial duration will match the<br>subscription frequency. For example,<br>your trial period will be monthly if your<br>plan frequency is monthly. If you set<br>your trial duration to 10, your trial will<br>be for ten months. Regular billing per<br>subscription settings will begin at the<br>end of the trial period. |
| DBA Suffix                              | N/A       | Required                 | The cardholder will see this suffix<br>appended to your merchant statement<br>descriptor of the first transaction<br>processed after the trial period has<br>ended.  |
