

# Updating The Qualpay Plugin For WooCommerce

Last Modified on 06/20/2023 12:41 pm PDT

The Qualpay Plugin for WooCommerce is periodically updated for added functionality and upgraded performance. We strongly suggest that you regularly check for and install updates for all your plugins.

To check if an upgrade is available for installation:

1. Log in to your web store's WordPress admin dashboard.
  2. Hover over or Click the **Plugins** tab, then click on **Installed Plugins**.
  3. In the **Installed Plugins** list, locate the Qualpay plugin.
  4. If there is an option to update now, a newer version exists. Select **Update now** to upgrade your WooCommerce plugin.
  5. Once completed, you will see the success message "Updated!".
