

Update your Qualpay Gravity Forms Plugin

Last Modified on 06/20/2023 1:00 pm PDT

Updates should be made as often as they become available as a best practice. Make it a habit to check for available updates to ensure that you're running the latest versions of each plugin on your site.

To check for plugin updates:

1. Go to your **WordPress Plugins Menu**.
 2. Select the plugin you would like to update.
 3. Select ***Update*** from the bulk actions menu.
 4. Click ***Apply***.
